To whom it may concern:

Keystone Custom Homes is pleased to provide this letter of reference for the sub-contractor, Quality Buildings, LLC. I have had the opportunity to work with Quality Buildings on the Worthington Building C Project where they demonstrated a professional and ethical caliber throughout the project.

Quality Buildings has shown their ability to collaborate as team players and flexibility with ever-changing schedules. Understanding that it takes highly qualified personnel to maintain good working relationships, Quality Buildings provided exceptional staff that continued to stay involved for the duration of the project.
